FINAL INTERPORT MATCH.

MALAYA BAT AGAINST HONGKONG.

MAKE 147 IN FIRST INNINGS.

The Interport match between Hongkong and Malaya opened this morning under ideal weather conditions, the sun, if anything, being hotter than yesterday.

Hongkong lost the toss, and the Malaya skipper elected to bat first. Stiven replaced Wyatt; otherwise the visiting eleven was the same as against Shanghai.

Brand and Livock were the first pair in. Bowker bowling to Livock from the Naval Yard, with Hargreaves at the opposite end. Disaster came early. After four byes from a swift ball past Livock's shoulder, this batsman was out for a "duck" to Bowker's fourth ball, playing on to the wicket. One for 4.

Grenier went in to partner Brand, and began to hit out. Brand made several pretty shots, but exactly after a quarter of an hour's play was bowled by Bowker when he had scored only 7. Two for 19.

BOWLING CHANGES.

Foster was in next, and soon found the boundary off Hargreaves. Grenier also seemed more confident, and runs began to come freely, though smart fielding kept the total less than it might have been. After just half an hour's play, 40 went up on the board. Reed then replaced Hargreaves with the ball.

Fifty went up at 11.9 o'clock, Foster by then having passed 20. Grenier soon passed his 20 also, finding the ropes twice in succession, with 60 on the board. Quick replaced Bowker at this stage, and bowled Grenier with his third ball. Grenier had contributed a useful 26. Three wickets down for 68.

Phayre went in next to partner Foster, and the first ball to him from Quick registered four byes. Runs were now coming very slowly, with brilliant work in the field. Eighty went up after an hour's play. Foster having passed his 30. Phayre a few minutes later put a hard cut into the hands of Owen-Hughes in the slips, after he had scored 3. Four for 87.

"DUCK" FOR MALAYA CAPTAIN.

Holmes-Brown, the skip, now joined Foster, but was bowled by Reed with the third ball, without scoring. Five for 87.

Knight was next in to bat, and there was soon a trickle of runs. Ninety went up at eighteen minutes to twelve, Foster reaching 40 soon after this, but he was bowled by Quick within a minute's time. Six for 95, at ten minutes to twelve.

CENTURY REACHED.

Edwards joined Knight, and 100 went up just before noon. Bowker then replaced Quick. Runs were coming steadily, and 110 went up. Powell now replaced Reed.

A period of very slow scoring followed, but just after 120 went up Edwards reached the boundary off Powell, the first four scored in a quarter of an hour, and Knight did the same a minute later. The board registered 130 at 12.22. Knight had now reached 20, but five minutes later Bowker bowled him for 24. Seven wickets down for 136.

Whitley went in, and scored a boundary off Bowker's first ball, sending 140 up. "Extras" were responsible for 24 of this, including a number of boundary byes. Soon afterwards, however, Whitley was bowled by Powell with a ball which broke from leg. Eight for 141.

Stiven was next in, and immediately hit a four off Powell. Webster went on, in place of Bowker, and Edwards returned his first ball to him, having scored 14. Nine for 145.

Thompson joined Stiven, who was bowled by Powell three

minutes later. This last wicket fell at twenty minutes to one, with Malaya's total 147.

The scores were as follows:—

HONGKONG GOES IN.

Hongkong went in at eight minutes to one, Quick and Webster facing the bowling of Thompson and Holmes-Brown. Both batsmen commenced to hit freely early on, and at the lunch interval Hongkong had ten up without the loss of a wicket.

On the resumption, Knight replaced Holmes-Brown with the ball. Scoring was slow, both batsmen treating the bowling with great respect. Twenty went up at seven minutes past two. As the batsmen became more confident they commenced scoring more freely, but the Malayan fielding was very smart, and many a possible four was saved. Webster reached his 20 twenty-five minutes after the resumption.

TWO WICKETS FALL.

A minute later, Quick returned one of Thompson's deliveries to Holmes-Brown at mid-on, and was caught out with 5 to his credit. One wicket down for 28.

Ramsay now went in to partner Webster. Thirty went up at 2.20, but just after this Grenier caught Webster off Thompson near the boundary, for 22. Two for 31.

Ramsay was now joined by Pearce, and the former commenced to let out freely to the boundary, but at 2.25 put his leg in front of a ball from Knight, being out l.b.w. with 7. Three for 36.

Hancock joined Pearce, and 40 went up a couple of minutes later. The Hongkong skipper soon opened his shoulders to Thompson's bowling, sending a fine drive to the public stands for four. Fifty went up, and just after this Pearce hit Thompson to the boundary, following with several singles.

Stiven relieved Thompson at 2.40, and Hancock scored a single off his second delivery. Stiven next bowling a wide. Scoring had again slowed down appreciably.

Holmes-Brown relieved Knight at a quarter to three, just after 60 had gone up on the board. Pearce drew applause with a hard drive to the leg boundary off Stiven, followed by another, and 70 went up at twelve minutes to three. Pearce having now passed 20. A single and a boundary bye followed, and a four by Hancock sent the 80 up, but the Hongkong captain was caught by Foster in the slips off Holmes-Brown after scoring 20. Four for 81 at nine minutes to three.

Owen-Hughes now joined Pearce, and Whitley relieved Stiven with the ball. Phayre brilliantly stopped a drive to the boundary by Pearce, and Grenier did the same next ball. Malaya's fielding was undoubtedly very keen. Ninety went up just on the stroke of three o'clock, and Pearce reached his 30. At 3.30 the score was 128 for 8. Details:—

FIFTEEN YEARS.

MRS. DEACON'S ASSAILANTS GET LONG SENTENCE.

Since May there have been fourteen cases of bag snatching from European ladies, but they all pale in significance besides the assault on Mrs. Deacon, said Mr. T. M. Hazlerigg, the acting Crown Solicitor, when three Chinese, were charged, before Mr. Justice Gompertz, at the Criminal Sessions this morning, with robbing a ricksha coolie of \$1.40 and a jade bangle and with robbing Mrs. Deacon on Oct. 4th.

All the prisoners admitted the offence and they declared that they acted in collusion.

Mr. T. M. Hazlerigg said that there was no serious assault on the ricksha coolie, but on October 4th they attacked Mrs. Deacon from behind when she was walking in Broadwood Road; a man put his hand about her mouth and tugged a wrist watch from her left wrist.

A striking feature was the extraordinary amount of violence used—far more than was necessary for the purpose of the robbery. Mrs. Deacon was thrown to the ground, kicked in the abdomen, held on the ground face downwards, kicked repeatedly on the thighs and an ornament pulled violently from her ear.

The doctor would tell them that it was only Mrs. Deacon's robust constitution that saved her from serious and life long injury. Mr. Hazlerigg pointed out the prevalence of this type of case and said that in several cases arms had been produced. The assault on Mrs. Deacon was by far the most serious; the prisoners seemed imbued with the idea of inflicting serious injury.

His Lordship said he intended to make an example of the prisoners. On the charge of robbing the coolie each would be sent to prison for three years with hard labour, and on the charge of robbing Mrs. Deacon each would be sentenced to a further twelve years and in addition would receive twenty strokes with the "cat."

FOOTBALL COMPETITION.

TWO SHARE PRIZE.

There was again a very large entry for our Football Competition last week, in which only two competitors sent in the correct results of the three matches. These were:—

Miss G. Castilho,

N. Gerrard,
Rest House, Taipo.

Each of these competitors gets \$25, which will be paid on presentation of chopped coupons which have been posted them. Very many competitors succeeded in giving two correct forecasts.

ESCAPE FROM PIRATES.

HONGKONG MAN RETURNS.

Story of Six Months' Captivity.

After having been held in captivity by pirates for nearly six months, a No. 1 painter, employed by the Hongkong and Whampoa Dock Company, has just arrived back in the Colony to tell an extremely interesting story.

It will be remembered that on February 4th, the Shamshuipo ferry launch, Man Hing, was stolen by pirates on its way across the harbour to Hongkong and that about 70 crew and passengers were taken to a place called Tau Moon, near Heungshan. The ferry boat was then repainted black and used for some time by the pirates, but was eventually regained and is now on its usual work.

TRIED TO RESCUE FRIEND.

Quite a number of those who were taken into captivity were ransomed by their friends, and it was in an endeavour to ransom a friend of his that the unfortunate painter was himself caught. According to his story to a *Telegraph* representative to-day, he went to Macao with \$1,800, which was the balance of the \$5,000 claimed for his friend, the remaining \$3,200, having been previously paid by his friend's wife. The painter conducted negotiations with two men in Macao who told him that he would have to go with them to Tau Moon and there hand the money over to the pirate chief before his friend could be released. On arriving at the pirate headquarters, the painter was dispossessed of his money and told that he also would be made a prisoner until a further sum as ransom money was paid for him.

Not far from the pirates' stronghold is a village named Sun Luk Ki, in which there formerly lived a number of Chinese returned from America and who had built for themselves a number of big houses. The pirates had previously driven these people out and used the houses in which to keep their victims. For over six months, the painter was kept a captive with about 20 other persons, who are still to be released.

THE ESCAPE.

One of the men who was acting as a cook for the pirates in these houses was formerly a merchant of Heungshan, who had himself been captured, and a friendship sprang up between the painter and the cook, as a result of which they planned to make their escape. The cook knew the lie of the country, he said, and could guide them both to safety. At three o'clock one morning, just over a week ago, the men made a bid for liberty and succeeded in reaching a village called Pak Chiu, where they went into hiding, until it was safe for them to proceed on to Macao. From here they came on to Hongkong and at once reported to the police.

THE PIRATES STRONGHOLD.

Our informant stated that all prisoners are fairly well treated, but that the pirates number anything from 40 to 200, according to the work they have in hand, and that it would be almost impossible to overpower them, so difficult is the country in which they have their stronghold. The Magistrate of the Heungshan district did once attempt to clear them out, but his soldiers were defeated. The pirate chief who was in charge of operations when the ferry boat was stolen is named Wong Ng, whilst two brothers, named Chiu Wo and Chiu Si, are the head of the gang at Tau Moon.

DUTCH FLIERS IN SPAM.

Hongkong, Nov. 17.
The Dutch airmen flying to Java have arrived here.—*Reuter*.

BITTEN BY DOGS.

TWO CASES REPORTED.

A coolie in the employ of Dr. Aubrey was bitten by a dog yesterday. His injury was treated by his employer. Meanwhile the dog, which belongs to Dr. Strahan, has been sent to Kennedy Town to be kept under observation. Bitten by a stray dog near the Gas Works yesterday, a Chinese was taken to the Government Civil Hospital. The dog was destroyed by the workmen at the Gas Works and its body was taken to Kennedy Town where it was destroyed at the crematorium.

MORE DOBBERIES.

FOOTPADS IN JARDINE'S BAZAAR.

Footpads made their appearance in Jardine's Bazaar in the small hours of this morning, when they held up a Chinese woman and stole from her a sum of \$50.

The woman, whose name is Sin Look, is a coolie contractor. She was on her way home when armed men appeared from the darkness in Jardine's Bazaar, backed her up against a wall and forced her to hand over the money.

A coolie who accompanied the woman was chased by one of the three men towards a doorway where he was attacked and robbed of \$30. This footpad was caught by the police when running towards Causeway Bay. The woman had blown a police whistle as so as she was released, and the dog brought the constable promptly on the scene.

The two other members of the gang made their escape, running up the street and disappearing round a corner.

All of the men were armed with daggers, and it is stated that on the arrested man was found a three-cornered file with one end sharpened to a point to serve the purpose of a dagger.

ARMS TRAFFIC.

ELDERLY CHINESE SENTENCED.

An elderly Chinese, Wong Shing, charged at the Criminal Sessions this morning with possession of two revolvers pleaded guilty and was sentenced to three years' imprisonment without hard labour.

Mr. T. M. Hazlerigg said that the man was arrested on the Yu Ying Wah shortly before the boat was due to leave for Hoihow. He said a man had given him the weapons to take to Hoihow. He pointed out a man to the police, but although they believed prisoner's statement they had only prisoner's word to go upon and were unable to bring a charge. Mr. Hazlerigg pointed out that the police had a great difficulty in stopping the arms traffic when members of ship's crews carried for other people.

His Lordship first sentenced prisoner to hard labour, but on considering his age (52) reduced the sentence to three years' simple imprisonment.

INDIAN WATCHMAN JAILED.
Juma Khan, an Indian watchman employed at the Hongkong and Kowloon Wharf and Godown Company, was charged with the unlawful possession of arms. He pleaded not guilty.

The evidence showed that he was seen by Sergeant Doring leaving his residence with a bundle in his hand. He was stopped and the bundle proved to be a handkerchief containing ammunition. Later a revolver was found on his person.

Prisoner said a Chinese dropped a package containing two revolvers, and ammunition, when he called on him to stop. He intended to take them to the police station, but he was arrested before he had an opportunity of doing so. Mr. R. Packham, of the Godown Co., gave prisoner an excellent character.

His Lordship said he was sorry to see a young man of good character before him on such a serious charge. He was taking his age and previous good character into consideration in sentencing him to five years' hard labour.

UNSATISFACTORY OPIUM CONFERENCE.

AMERICA DESIRES BETTER UNDERSTANDING.

Geneva, November 17.
The opium-smoking conference, which has ended in a deadlock, was confined to members of the League directly concerned with the question, but the conference dealing with the manufacture and sale of narcotics, which opened to-day, includes members and non-members of the League. Both the United States and Germany are represented.

After the President's inaugural speech, Mr. Stephen Porter, the first American delegate, pointed out the unfortunate situation arising from the deadlock in the first conference; consequently nothing was before the second conference. He said the American delegation reserved the right to move or amend the agenda in the event of the first conference not providing an effective means of suppression of the traffic in prepared opium, or failing to reach an agreement.

The American reservation was noted, and the conference, on the proposal of the Japanese delegation, elected Senor Aguerro, of Cuba, and Dr. Sze, of China, vice-presidents of the conference.—*Reuter*.

"DIVANS SHOULD BE ABOLISHED."

Geneva, November 17.
In the course of the discussion at the opium conference on Saturday, Mr. Chao Heing-chu said that under the spirit of the Hague Convention, public opium-smoking dens should have been totally closed long ago. There was no reason why they should not suggest to all Far Eastern territories to close down public smoking divans, which only encouraged new smokers.—*Reuter*.

CHINA'S TREATY ENGAGEMENTS.

POWERS WANT ASSURANCE OF FULFILMENT.

Paris, November 17.

The *Temps* says that it learns from a reliable source that the French, English, Italian, Belgian, American and Japanese Governments have opened negotiations to get from the new Chinese Cabinet an assurance that it will respect China's treaties and other engagements toward the Powers.—*Havas*.

ABNORMAL COLD IN NORTH AMERICA.

SEVERE WINTER CONDITIONS EXPERIENCED.

New York, November 17.
The coldest wave for fifty-two years is being experienced in the north-eastern area of the United States. Snowfalls have occurred in the Mississippi river district and eastward. The temperature in New York State is only four degrees above zero. Shipping on Lake Ontario is at a standstill. Two people have hitherto been reported frozen to death, whilst many others have been overcome by the cold.—*Reuter's American Service*.

COFFEE MARKET SENSATION.

New York, November 17.
On the coffee exchange, futures broke two cents, being the limit allowed for fluctuations in any one day and the most drastic recorded for five years. There was heavy selling in New York and by European houses, influenced by weakness in Brazil, which continued despite reported efforts by the authorities there to check the decline.—*Reuter*.

Sir,—I also wish to offer strong
protest against the Kowloon

Surely our British colony can find

country with any national spirit
would staff their Hospitals with
nurses of another nationality. We
can only trust that the strong
public feeling which has been
aroused may prevent such dis-

MOTOR CARS COLLIDE.

APPEAL AGAINST MR. DYER BALL'S JUDGMENT.

Yesterday afternoon the Full Court—the Chief Justice (Sir Henry Gollan) and the Puisne Judge (Mr. IL H. J. Gompertz)—heard an appeal against a decision by Mr. Justice Dyer Ball (acting Puisne Judge) in which Mr. IL S. Odell, broker, was awarded \$300 damages with costs against the Connaught Motor Car Company.

The appeal was conducted by Mr. IL S. Fitzroy, instructed by Mr. F. E. Nash. Mr. Fitzroy explained that the case came before Mr. Justice Dyer Ball on the 24th Sept. The facts were that the plaintiff, Mr. Odell, was driving his own car at the time on the Pokfulam Road in the direction of Repulse Bay. When he got to the top of a fairly steep hill there was another car ahead of him, which, for some reason, was reversing. Plaintiff in trying to pass ran his car into the side of the road and into the rear of the defendant's car.

Mr. Fitzroy said that plaintiff himself told one story to Inspector Grant immediately after the accident, which was practically the same as told that by the Company's chauffeur, and quite a different one when he went into the witness box, and it was upon these discrepancies that Mr. Fitzroy strongly argued that the decision of the Court below should be upset. Mr. Odell had stated that he was going at a speed of ten miles an hour, but Mr. Fitzroy contended that no one going at that speed could possibly smash an axle and front wheel as happened in this case.

Mr. Fitzroy proceeded to deal with the evidence given before Mr. Dyer Ball at length, and argued that there was no negligence on the part of his client.

Mr. F. C. Jenkin (instructed by Mr. IL L. Denny) for Mr. Odell, asked what possible evidence there was that Mr. Odell was travelling at an excessive speed. The evidence that he was travelling at only ten miles an hour was not challenged in the Court below. Mr. Fitzroy had asked the Court to infer that because certain damage was done to Mr. Odell's car that he was travelling at an excessive speed. There was no evidence that the damage could not have been done if he was travelling at ten miles an hour, or even less.

Mr. Jenkin argued that it was just possible that Inspector Grant, who was not a traffic inspector, going on the scene of the accident immediately after it had happened, had erred as to exactly what was said. If the appeal was based on the inconsistencies between the evidence of Inspector Grant and the story told by the plaintiff, then he respectfully submitted it was not worthy to succeed.

Ocular Demonstration.

Mr. Fitzroy's demonstrations in Court by means of tin motors as to how the accident might have happened were unsupported and contradicted by the evidence. It was common ground in the Court below that if a car wanted to turn there was no necessity to reverse, and it was therefore impossible now for counsel say that there was no negligence on his client's part in reversing. After further arguments, Mr. Jenkin asked the Court to dismiss the appeal.

The Chief Justice, in delivering judgment, said the story of the plaintiff was a rather strange one, and possibly if the case had been handled differently in the Court below there might have been a case of contributory negligence made out. He did not think at this stage that they could do what Mr. Fitzroy asked and try the case merely on the evidence of the plaintiff as if contributory negligence had been seriously raised before Mr. Dyer Ball. Mr. Dyer Ball went carefully into the case, having all the advantages they had, not had, of seeing the witnesses, listening to their evidence and watching their demeanour, and even if the case had been stronger in favour of the appellant than it was, he should have very considerable hesitation in upsetting Mr. Dyer Ball's finding on questions of fact. He thought no case whatever had been made out to differ from his judgment and the appeal would be dismissed with costs.

Mr. Justice Gompertz agreed. He thought that on the material before them it was quite impossible to overrule the Judge below on the facts.

SMALL GIRL KILLED.

MANSLAUGHTER CHARGE FAILS.

The coolie, who appeared before Mr. E. W. Hamilton at the Kowloon Magistracy yesterday afternoon on a charge of manslaughter arising out of the accident in which the coolie when carrying a piece of wood in Waterloo Road, Yaumati, on the 12th inst. caused the death of a small Chinese girl who was walking along the road on her way to make some purchases, was discharged by the Magistrate owing to there not being a case sufficiently strong enough for a jury.

A coolie working with the defendant deposed to having seen the deceased who was walking at the rear of defendant, when passing him, knock against his leg with the result that the piece of wood which the man was carrying fell on top of the girl. Defendant at once removed the piece of wood and on finding that the girl was dead walked away. A number of persons wanted to have him arrested and defendant told them there was no need to arrest him. He was then accompanied to the police station.

A junk coolie said that he first saw the girl in front of the defendant who when overtaking her let the log of wood slip from his shoulder and fall on the girl. The defendant did not wait to remove the log but ran away. Witness acting on the requests of the crowd arrested him and handed him over to some friends of the deceased.

BASEBALL V. CRICKET.

SATURDAY'S MATCH.

The team of baseballers who are to play the cricketers at cricket on Saturday next on the Hongkong Club ground are shaping much better than would have been expected.

For several evenings the prospective members of the team have been making themselves acquainted with the, to them, unwieldy bat and the nastiness of breaking balls. If anything, their play is on the cautious side.

There is little doubt that the game will be productive of a great deal of interest and no little amusement, and with the aid of two fairly serviceable bowlers there seems reason to believe that the hickory wielders will be by no means disgraced and may even be able to turn the tables on the victors in the baseball match played earlier in the year.

A good attendance is expected from the "fans" of both sides.

An old man who witnessed the accident said that he was of the opinion that defendant was fatigued and was unable to carry the log any further and let it drop to the ground. When he saw that the wood was lying on top of the girl he picked it up and then ran away.

His Worship on discharging the man said that it was a most unfortunate accident but he could not blame anyone for the mishap.

THE CRICKET CONTESTS.

Interest in the Interport triangular cricket contest has been heightened by the unexpected result of the match between Shanghai and Malaya, which concluded yesterday afternoon. When play started yesterday, the Shanghai team appeared to be in a distinctly bad position, for two wickets had been disposed of and the Northerners were considerably in arrears on the first innings score. However, Captain Barrett and his men never lost heart, and they resumed the match with a determination which was thoroughly well rewarded. Thanks mainly to Quayle's magnificent innings, they put up the highest total so far registered in the tournament, leaving Malaya close on two hundred to get in order to win. As batting so in attack and fielding, the Shanghai team continued to play up strongly when their opponents went in a second time, with the result that the Southerners were all accounted for before stumps were due to be drawn and were down to the tune of eighty-nine runs.

Shanghai is to be congratulated on pulling the game out of the fire when it seemed most likely that a defeat would be experienced. As a team, the Northerners played far better together than in their game against Hongkong, and in every department of the game a greater degree of enterprise was shown than on the occasion of the opening game of the tourney. The Malayan men tried their hardest during yesterday afternoon, to stave off defeat, but they were up against a better side and had to bow to the inevitable. No-one grudges Shanghai their victory, for it was well won. With Hongkong and Shanghai each a game in hand, the remaining match of the tournament, which opened to-day, becomes doubly interesting. It will provide an opportunity for Malaya to make good, although general opinion is that Hongkong should come out on top. However, there is that glorious uncertainty about cricket which makes it unwise to forecast, and we may be sure that our Southern visitors will exert all their efforts to secure at least one victory. So far, the tournament has been a huge success from every standpoint.

and whatever the result of the final game, the 1924 series will long be remembered by the sporting community of the Colony.

The New Egypt.

Almost every day, in every way, we see changes coming over various countries which reflect the growth of a strong nationalist spirit not unconnected in most cases with a trace of what has come to be known as Bolshevism. Very true is this of Egypt, where the people are inclined more and more towards a form of government that would do away with the least bit of influence from outside, and reject the connections which were formed when the country was a mis-governed and undeveloped tract under Turkish surveillance. British brains and British funds have played the chief part in this big task, and the blood of Britain's sons has been shed in maintaining that progress against the forces of reaction. To us and other nations the idea of the Suez Canal in entirely Egyptian hands is not one for other than amusement—indeed, the canal is international. Yet that is one of the demands which the opportunist Zaglul has included in his programme of independence, with its keynote the parrot cry of "Egypt for the Egyptians." What must be a matter of some concern, now, is the evidence of the great hold that Zaglul has obtained on public opinion. His recent resignation proves how much the people have come to follow his lead like true fanatics, and his return to office has been in the nature of a personal triumph, with the King of Egypt forced to agree to his demands lest popular feeling be roused to a sanguinary revolution. The world might yet see some influential person—if not Zaglul, then someone else who is prepared to ask for extreme "reforms"—setting up a Republic of Egypt, with himself as President, and as matters stand at present we would in such a case expect a horde of fanatics clamouring for the extinction of the last vestige of foreign influence. What is disquieting is the knowledge that none of the Powers is likely to countenance such ambitions beyond a certain point, and that this point is steadily approaching with successive outbreaks of fervid Egyptian patriotism.

Habits.

According to a medical specialist, it is not nearly so hard to knock off tobacco as the average smoker believes. He cites the case of a patient who, when informed that he was in the early stages of tuberculosis, gave up the habit instantly, desiring more to live, as the doctor puts it, than to continue smoking. From this and other cases, it is deduced that in trying to break off the tobacco habit a man rarely has a sufficiently strong motive to enable him to conquer, but that when he has, the task becomes quite easy. In other words, he fears, and, given enough fear, he recognises no obstacles. It is probably the same with regard to drink, and it is doubtful whether any drunkard can become an abstainer until he develops a genuine fear of the power of alcohol over him. The mischief is that most men who swear off drink or tobacco periodically, do not really want to knock off the habits altogether. When they do, they usually succeed to a measure which is relative to the motive impelling them. Admittedly, all habits are more difficult to overcome the longer they are persisted in, and for old-timers it is often dangerous to suddenly stop either drinking or smoking, especially if they have indulged their desires to any unusual extent. As to whether there is any real use in breaking off either smoking or drinking when only done in moderation—that is a matter which does not arise at the moment, and one on which doctors disagree. The main point is that obstacles are to a very great extent a matter of our attitude towards them.

Rumjahn, Sirdar Khan (Captain), E. A. R. Ismail, N. B. Kitchell, M. P. Maday, E. A. Moosdeen, Y. A. Wajah, A. B. Minu, F. M. Arculli, J. Cassambay and Reserves, A. E. Minu, J. S. Askbar.

DAY BY DAY.

WEALTH MAY BE AN EXCELLENT THING, FOR IT MEANS POWER, IT MEANS LEISURE, IT MEANS LIBERTY.—Lowell.

The lecture which was to have been held at the Helena May Institute on Monday, November 24th, has been cancelled.—*Advt.*

A Reuter's message says Dr. Sun Yat-sen arrived at Shanghai yesterday morning and proceeded to his house in the French Concession.

In our recent comment on the Business Men's Physical Culture Class at the Y. M. C. A., we inadvertently stated that the new session begins on December 23rd. In point of fact, the date is December 3rd.

"Fate and I've Will" will be the subject of this week's public lecture of the Hongkong Lodge of The Theosophical Society, 16, Queen's Road Central, on Wednesday, November 19th, at 5.45 p.m. All are welcome.—*Advt.*

It was reported yesterday by the master of the harbour cargo-boat 3069 that whilst proceeding towards the Yau-mai shelter, the back wash from a launch swamped his boat, which sank, heavily laden with coal. No lives were lost.

Last week's health return shows three Chinese cases of typhoid (two fatal), one fatal Chinese case of diphtheria and one Chinese non-fatal occurrence of small-pox. Two further Chinese cases of typhoid were notified yesterday.

A correspondent signing himself "Pro-Bystander" sends us a letter confirming the complaint by "Bystander" regarding the scenes which followed Saturday's match between the Surrey and a Chinese team. We do not think any useful purpose will be served by publishing his comments on the matter.

A fine of \$10 was to-day inflicted on a young Chinese returned from America for possession of a sabre without a permit. He was arrested by Sub-Inspector Fallon on the Shekpi ferry and stated that he wanted the sabre as a souvenir. When charged before Mr. N. L. Smith this morning, the man spoke fluent English, in which the American accent strongly predominated.

A further remand was granted in the intimidation case, in which two Sanitary department coolies are alleged to have threatened a bus driver, when Mr. J. M. Remedios appeared before Mr. E. W. Hamilton at the Kowloon Magistracy this morning to defend the two coolies. Mr. R. E. A. Webster, for the prosecution, did not appear owing to the Interport cricket match and the case was fixed for Thursday afternoon.

LOCAL BOXING.

MATTY SMITH AND
CARTLIDGE TO MEET
AGAIN.

The boxing public will be interested to learn that a return match between Capt. Matty Smith and C. P. O. Jim Cartlidge has been fixed up.

The match, which will be held under the auspices of the Hongkong Boxing Association, has been arranged for Saturday, December 13th, next, and inasmuch as both men want the full fifteen rounds on Saturday last, it can confidently be predicted that a first-class bout will result from the return engagement.

KOWLOON MURDER.

SEQUEL IN COURT.

The murder of last Friday night was recalled at the Kowloon Magistracy this morning, when Ko Chan an unemployed Chinese was charged before Mr. E. W. Hamilton with wilfully murdering Lam Hin.

Defendant was remanded for one week. It will be remembered that a woman, on hearing police whistles, went to the street and there found her husband stabbed. The wife told the police that a voice, which she recognised as that of Ko Chan, called her husband out about five minutes prior to her finding the body.

SIR ROBERT HO TUNG.

RECEIVES PORTUGUESE
HONOUR.

The Consul General for Portugal informs us that the President of the Republic has been graciously pleased to confer on Sir Robert Ho Tung, a Knighthood of the Most Ancient Order of Christ. The honour is announced in the last number of the *Gazette (Diario do Governo)* just received from Portugal.

Sir Robert Ho Tung, who was created a Knight Bachelor in 1915, is also the holder of a number of Chinese decorations, and we join with the general community in extending him our congratulations on the latest mark of esteem which has been conferred on him.

We understand that this honour follows a recommendation made by the Governor of Macao in view of Sir Robert's signal services rendered to the Portuguese Colony, and that Sir Robert is the first Chinese to have been awarded this particular distinction.

MURDER CHARGE.

CHINESE DETECTIVE
ON TRIAL.

A Chinese detective pleaded not guilty when charged at the Criminal Sessions, before the Chief Justice, this morning with the murder of Lai Kwan.

Mr. J. H. B. Nihill prosecuted, and Mr. F. C. Jenkin defended. Mr. Nihill said that, according to the man's own statement, the only one available as regards the commencement of the disturbance, he remonstrated with a man who was committing a nuisance. A struggle ensued and the deceased came on the scene and joined in. They ran away and the detective, chasing them, drew his revolver and shot deceased in the back. At the station, after making a statement, prisoner escaped but was found in hiding. From his behaviour they could infer that prisoner realised that he had acted inadvisably and had exceeded his duty.

Inspector Wilson said prisoner was a bad shot, and, cross-examined, said that it would be a fluke if he aimed at a moving target and hit it.

The case is proceeding.

MOROCCAN OUTLOOK.

Madrid, Nov. 17.

It is officially stated that Spanish troops in Morocco withdrew in good order from Sheshuan to Aobba, despite great difficulties.—*Reuter.*

The communique adds that ten thousand men were involved in the withdrawal to Daracobba which is ten kilometres from Sheshuan, but only three were killed.

Since General Primo De Rivera has been head of the Army, 180 positions which were continually in danger of falling into rebel hands have been abandoned.—*Reuter.*

WEI-HAI-WEI POLICE.

TROUBLE WITH FIRST
CONTINGENT.

Some of the first contingent of Wei-Hai-Wei men have given much trouble of late, stated the Captain Superintendent of Police at the Central Magistracy this morning.

Mr. Wolfe was prosecuting a Northern policeman for being remiss in his duties, and a statement he made showed that the man since his recruitment into the local force had been dealt with ten times for various breaches of discipline and duty.

Dealing with the present offence, for which departmental punishment was not considered sufficient, Sub-Inspector William Spear said that the defendant was sent on duty, guarding the Police cells, on the night of the 16th, from 8 to 12 o'clock. Instead, he prepared for sleep, having brought a blanket along and made himself comfortable in front of the cells, with a wooden block for a pillow. In this recumbent position he was found by the Inspector when the latter went the rounds. A noise had to be made before the defendant could be awakened.

Defendant pleaded that he had been ill.

The Magistrate was, however, informed that he made no report to that effect, nor had he been authorised to bring the blanket along.

Sentence of fourteen days, on the application of Mr. Wolfe, was inflicted by Mr. N. L. Smith. It was mentioned that the services of the defendant would be dispensed with, and that the prison sentence was asked for on account of the slackness now prevailing amongst the Wei-Hai-Wei men of the first contingent.

HOLLYWOOD ROAD DWELLINGS.

JUDGMENT AGAINST THE
TENANTS.

The Chief Justice (Sir Henry Gollan) yesterday afternoon delivered judgment in a case he heard in Summary Jurisdiction on November 4th in which the landlords of Nos. 138, 140 and 142 Hollywood Road claimed possession from their tenants on the ground that they desired to reconstruct the premises.

The Chief Justice, in the course of his judgment, mentioned that there were altogether twelve actions and it had been agreed between the solicitors that the decision in the case in question should cover all the rest. The case for the plaintiffs was that they required the premises for the purpose of reconstructing them so as to make them new. They gave notice to all the tenants and plans for the reconstruction were submitted to the Building Authority and a certificate given. Mr. Russ had argued strongly that the plan under which the certificate was obtained was inaccurate and as such that would render it invalid. He thought the answer was that the Building Authority gave a certificate on a plan showing the demolition to be carried out to a less extent than was proposed, and it must be taken that the inaccuracy would not have affected the decision of the authority. He was satisfied from the evidence that the plaintiffs bona-fide required possession of the premises to reconstruct them and he gave judgment for the plaintiffs with costs. No evidence had been given on the claim for rent and mesne profits, and he did not therefore propose to deal with that question.

Mr. R. A. Wadsworth was for the plaintiffs and Mr. C. A. S. Russ for the defendants.

EASTERN ART.

AMERICAN CONNOISSEUR
IN QUEST OF RARE
OBJECTS.

Passing through the Colony on their way to French Indo-China are Mr. Daniel Sweeney, a well-known American artist, and his wife, who are on a quest for the beautiful and the rare as represented by the arts and products of the principal Far Eastern countries. Whilst Mrs. Sweeney is well-known in San Francisco as a connoisseur and collector of rare art treasures, her husband is an artist of no mean ability, and in his younger days had also been service on a newspaper. They have just arrived here from the North, where, in the course of their tour, saw much of the civil war and were in the capital when the Christian General made his famous coup d'état which resulted in the deposing of the President.

Mrs. Sweeney has broken the journey here for a few days to visit Manila, whilst Mr. Sweeney has occupied the interval with his sketching work and was busy with his crayons when a *Telegraph* representative called on him yesterday. In the course of a most interesting chat, Mr. Sweeney disclosed that he and his wife were on their way to French Indo-China, where Mrs. Sweeney, acting on a suggestion from M. Giraud, French Attaché in the United States for Indo-China, was to collect representative examples of the arts and industries of that French Colony. M. Giraud will be remembered here as a former resident, having, until a few years ago, been attached to the Hongkong Consulate-General. A common interest drew the French official and Mr. and Mrs. Sweeney together in San Francisco, and having been enabled to examine and appreciate Mrs. Sweeney's private art collection in her San Francisco home, M. Giraud gave her much information regarding the possibilities which Indo-China possesses in the educational and artistic nature of its products and industries.

[Above M. Giraud is seen presenting Mrs. Sweeney with an emblematic key of Indo-China before her departure from the States.]

Mrs. Sweeney has previously visited Indo-China, though the time at her disposal then was brief, but she now goes to the French possession again with keener zeal, anticipating to be in time for the big Fair which opens in Hanoi towards the end of the year. Here she hopes to obtain in particular objects of art made from a rare alloy unknown in Europe and America, but in common use in Tonkin—silver and bronze with traced designs of pure silver as a background.

Of M. Giraud's work in the United States in furthering the interests of the French Asiatic Colony, Mr. Sweeney gave a glowing account, commenting on the fact that M. Giraud was amazingly energetic, despite the fact that he is aided only by a stenographer. In entrusting the present mission to Mrs. Sweeney, M. Giraud depends on her knowledge and taste, and she will select objects at the Fair purely from the American viewpoint. She is to take these over for educational exhibits to show to Chambers of Commerce in different cities, and thus excite American interest in travel and trade in Indo-China.

Speaking of Indo-China, Mr. Sweeney says: "Up to the present time travel has not been encouraged because of the fact that travelling to Indo-China involves a stop at Singapore, and the French boats discourage travel between these points as it would take up accommodation which otherwise could have been booked for the whole trip. That one little trait has militated against travelling. My purpose is to accompany Mrs. Sweeney to induce the merchants down there to realize that 80 per cent. of the travelling here originates from America. There is no crop so profitable in any country as the tourist crop. The tourist

CHRISTIAN SCIENCE.

LECTURE AT CITY HALL.

Mr. John W. Dooley, C.S.B., of London, England, member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, delivered a lecture on Christian Science in the City Hall, last evening at 5.30 p.m., under the auspices of the First Church of Christ, Scientist, Hongkong.

In the course of his lecture, Mr. Dooley said:—Christian Science declares that God is an ever present divine reality, who is ever available to His own creation and is infinitely knowable. His presence and power, Christian Science teaches, are essential to every right activity and consequently to all health, holiness, or happiness, and to all true existence. God, Christian Science also teaches, has nothing in common with materiality, but He and His creation exist independent of suppositional matter and its so-called laws. In fact, Christian Science teaches that God is the source and cause of all that is true and, therefore, of true existence.

It is evident to any one who has studied the Scriptures closely that when Jesus declared God to be Spirit he was not declaring God to be some indefinite abstraction, but he was revealing and describing the most certain, the most available, and the most stable entity that could possibly be imagined. Mrs. Eddy has once and for all taken this word "Spirit" out of the realm of mysticism and superstition and placed it in the realm of reason and science by explaining that Spirit is really divine Mind, or is the infinite intelligence which knows, and knows divinely or truly. It is certain that when Jesus used the term "Spirit" he meant divine Mind, for on one occasion he explained quite naturally to his listeners "the words that I speak unto you, they are spirit." In fact, infinite Truth, which includes all divine mentality, is Spirit. Christian Science, therefore, teaches that God is divine Mind or Spirit and that divine Mind is Love. As God is ever present and omnipotent, the divine Mind, which is Love, must therefore be the only Mind. Also divine Mind and its right mental activity must be omnipotent and irresistible.

never takes away from the country; he leaves his money at so much per day and adds to the current of money in circulation and therefore to the prosperity of the country."

American appreciation of art in Eastern countries has degenerated greatly, according to Mr. Sweeney. It has been the experience of dealers in Japanese and Chinese curios and art treasures that recognition of the value of these has grown very slowly and is largely confined to certain well-known objects. Mrs. Sweeney will take back a collection of Chinese and Japanese objects that the public is somewhat familiar with in the States but of a higher class than those usually offered by commercial art stores, which, according to Mr. Sweeney, have degenerated to a low standard.

Mr. and Mrs. Sweeney were in Peking when General Fong captured the city, and had a very hazardous time in returning to Tientsin, experiencing not a few thrills and difficulties on the way by reason of the bad state of the road and its inclusion in the war zone. However, they possessed a passport from the General, obtained through the good offices of a Rotarian, and escaped from the scene of operations an hour before the road was blown up.

Shanghai hospitality rushed Mr. Sweeney off his feet. Here is an extract from a letter Mr. Sweeney sends to a friend at home:—

"To Shanghai by boat. Met acquaintance of former days who had heard that we were in town. More acquaintances to form. Shanghai's idea of hospitality to keep pace with—*Suki*—dinner to-night; Russian feast to-morrow night; next day tiffin; the Races, dinner, another resort to see. No rest; no privacy. They arrange parties without consulting you. They commandeer you as guest of honour. 'No' ain't an answer; they are in your room or your office. Cocktail after cocktail.—You have work to do? To— with it; have another; what'll it be?—Mr. So and So—been telling him all about you—you are wanted at party—what time is it?—where's your hat?—and so on.

CAMERA NEWS

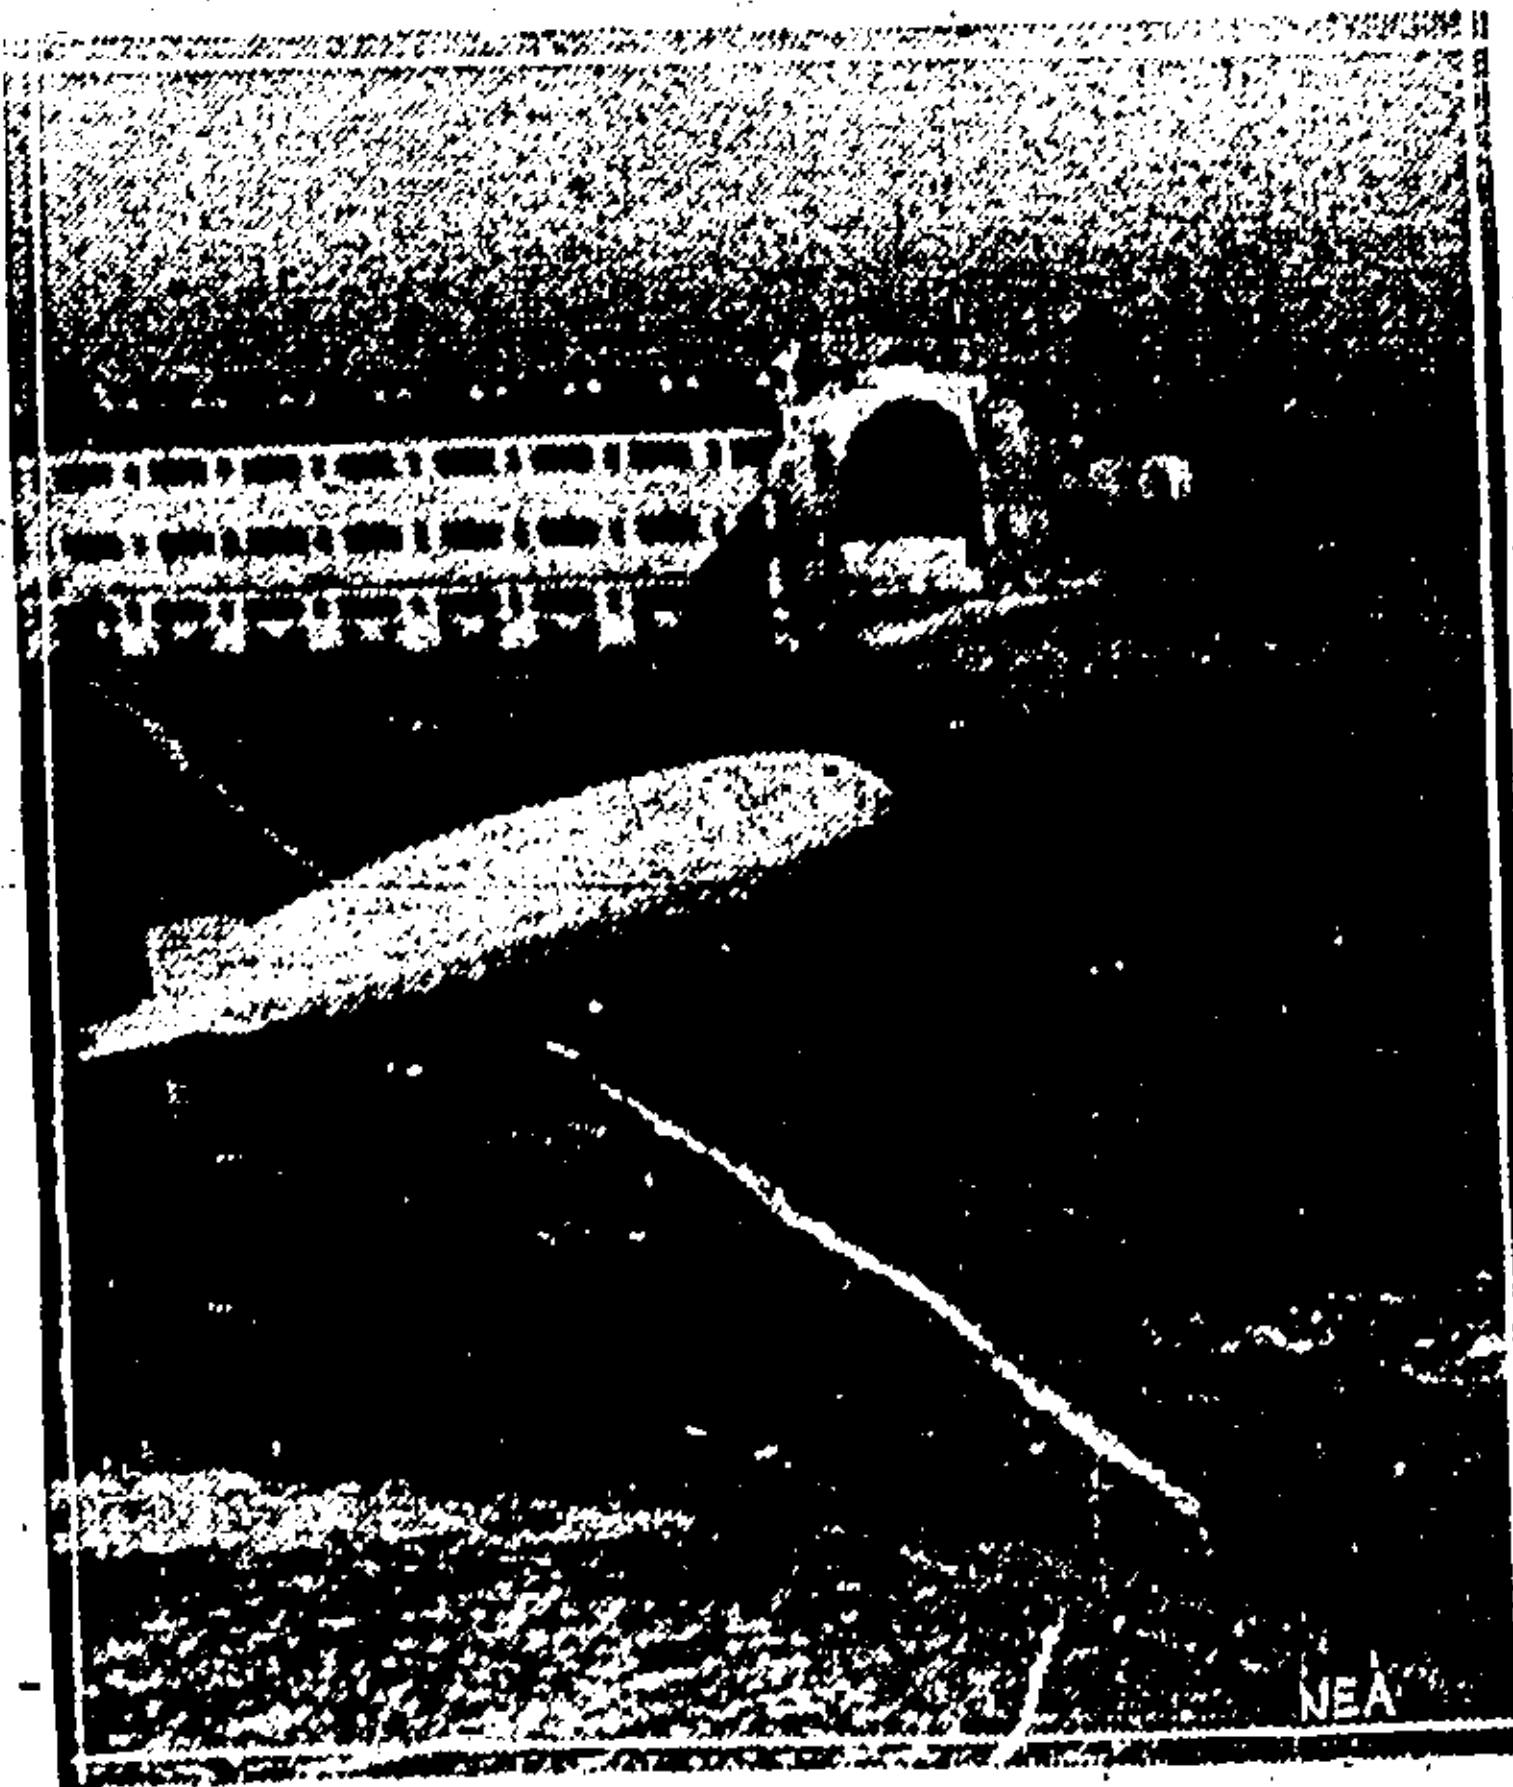

THE ZR-3 IN AMERICA.

CROSSING LONG BEACH.—The ZR-3 photographed as the great ship of the air came over the sea and crossed Long Beach, Long Island. Soon after this picture was taken, the ZR-3 plunged into a giant bank of fog that enveloped New York City.

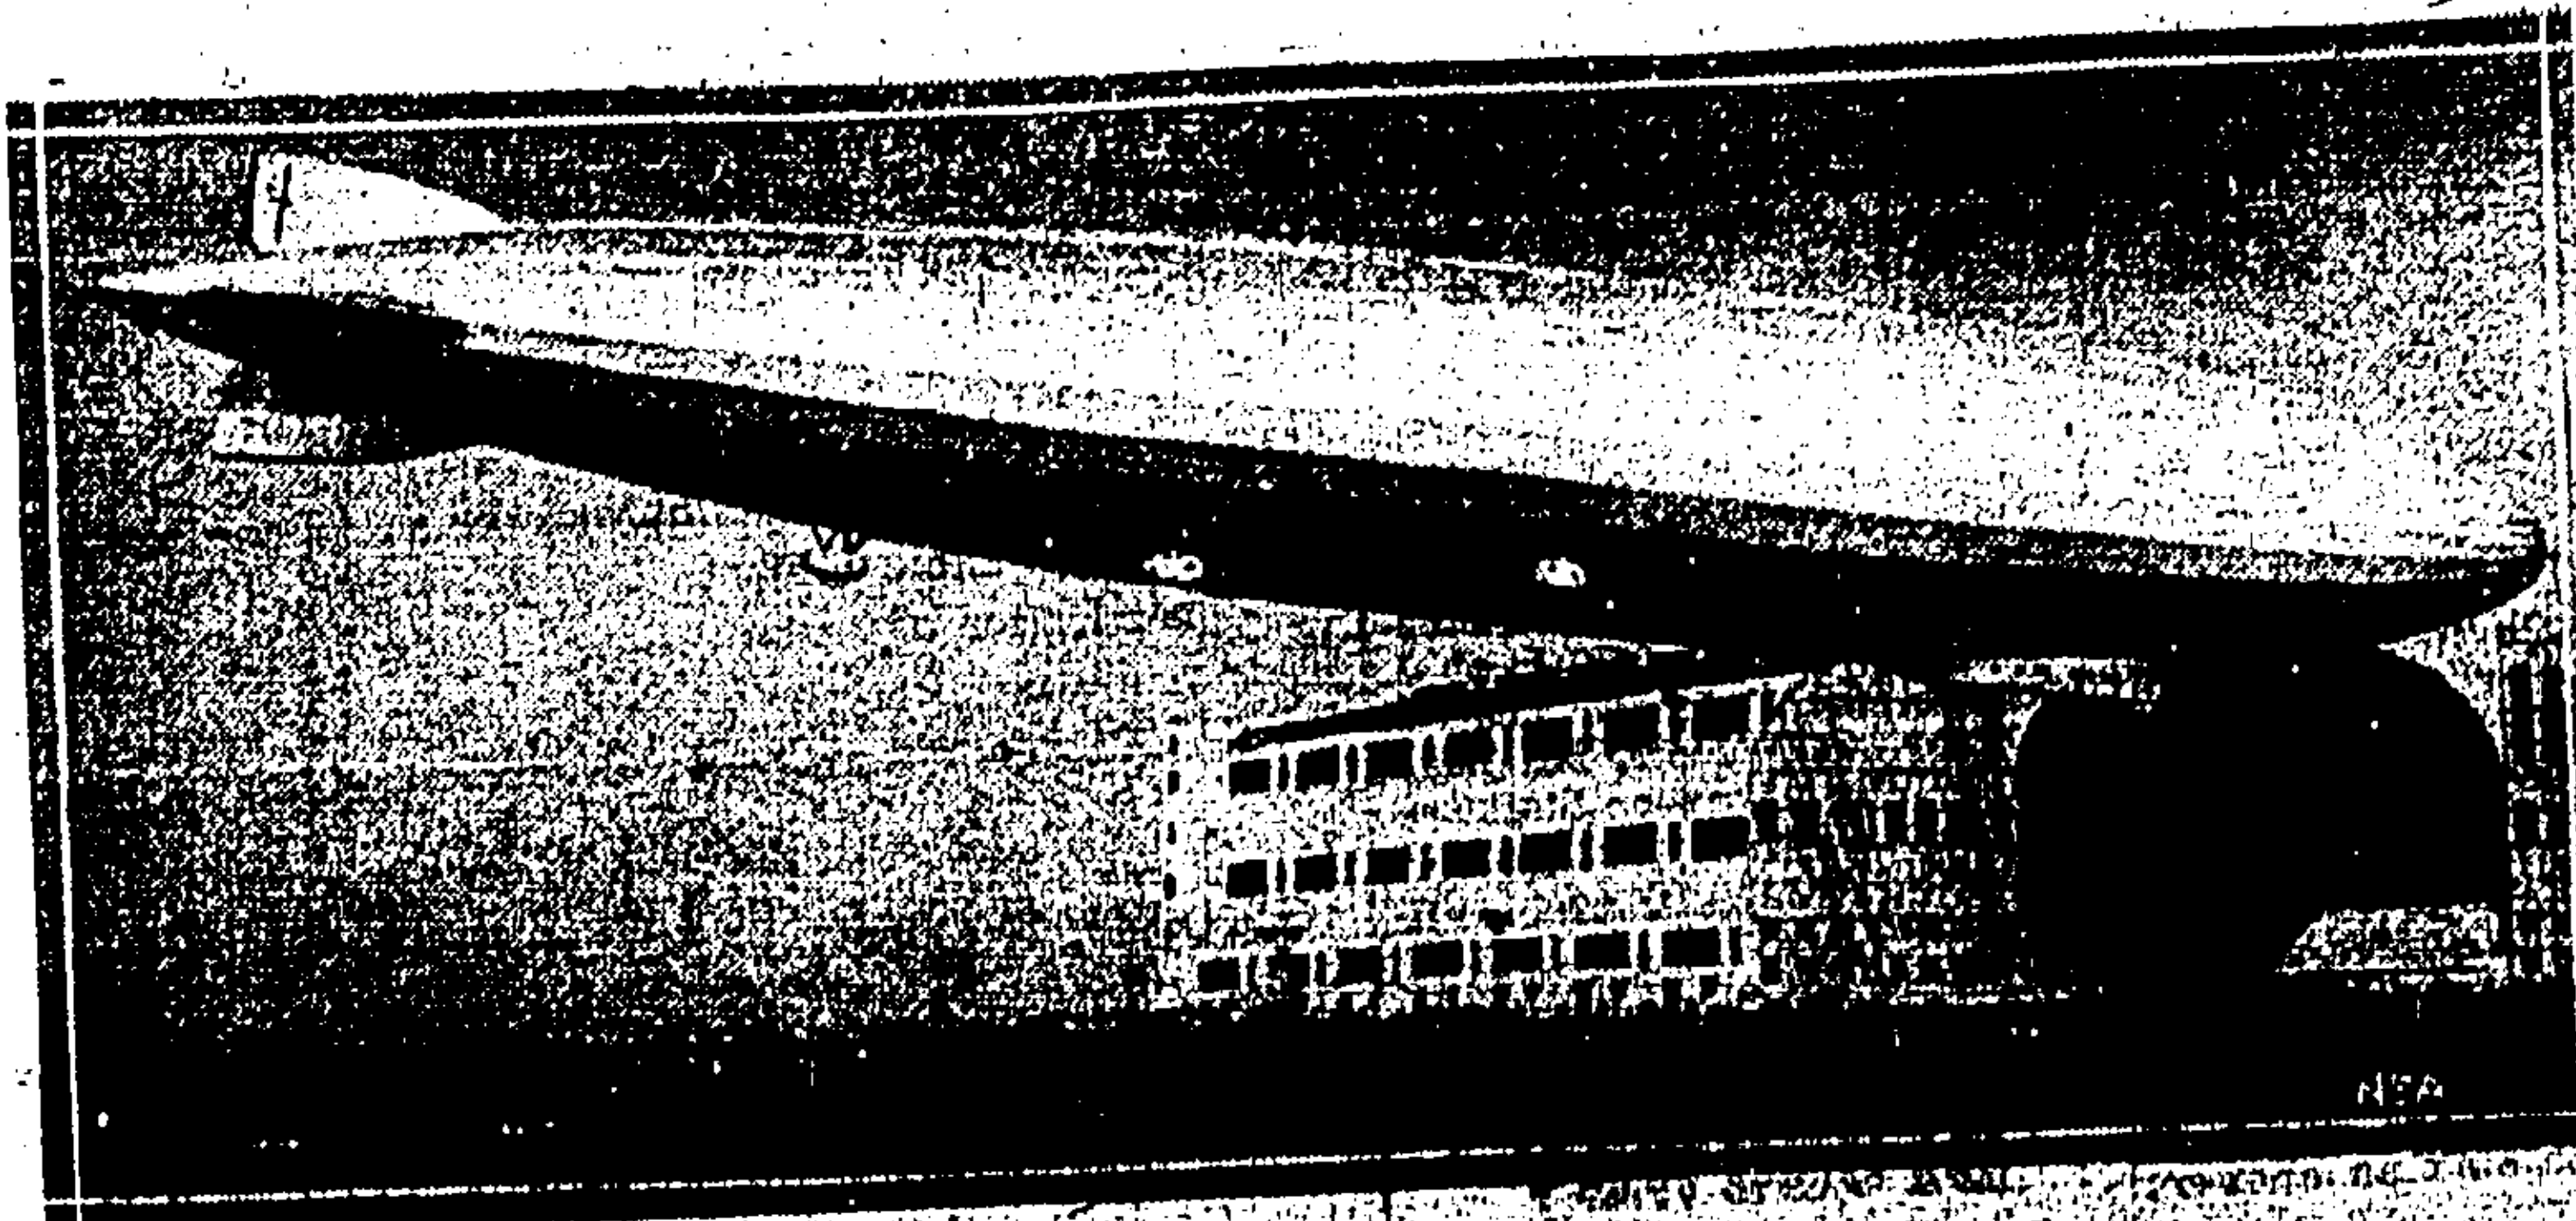

OVER NEW YORK.—High above Times Square, "the cross-roads of the world," the ZR-3 proudly floated, looking like a great silver whale as it gently glided up out of the fog and thrilled the hundreds of thousands of New Yorkers who stopped in their mad rush to work to acclaim the notable achievement of the great airship and its crew.

DOWN TO EARTH.—As the ZR-3 nestled down to earth at Lakehurst.

AT CLOSE QUARTERS.—Here is close up of the main cabin of the ZR-3 as it came to earth at Lakehurst after its flight from Friedrichshafen. Members of the German crew and American officers who made the trip are seen looking out of the windows of the cabin, happy and exulting in the successful end of their transatlantic flight. The arrow indicates Captain Lehman, who was chief of operations for the American staff aboard.

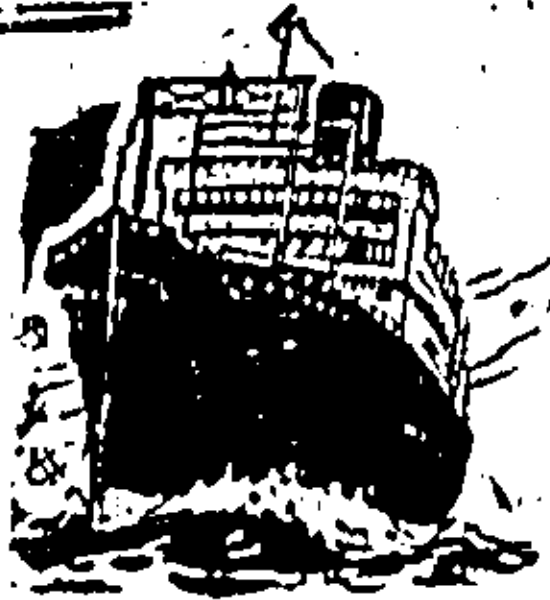

SAFE AT ITS HAVEN.—This exceptionally fine photograph shows the ZR-3 as it was being nosed into its hangar at Lakehurst, N.J. The act of housing the great Leviathan of the air was the last act in the thrilling adventure which brought the ZR-3 from Friedrichshafen, Germany, to America in a journey that broke all records for lighter-than-air craft, and which was marked by many thrilling experiences.

IN CHARGE.—Dr. Eckener, in charge of the ZR-3, looking out at the passing landscape.

FAVOURABLE COMMENT

Wherever they are smoked, the mildness
of the "Three Castles" Cigarettes and
their delicate flavour evoke favourable
comment.

"Three Castles"
The Doyen of the Cigarette World

MADE IN ENGLAND.

Our Portrait is of Mr. E. F. WHEELER, of 22, Regent Street, Balby, Doncaster, England, who writes:—

"About two years ago I had a nasty wound break out in my big toe. I had it attended to for about three months, but during that time it had spread to all the toes, with the result that I had to undergo an operation, but with no avail. Then, after another operation, as it did not get any better, I thought I would give your 'Clarke's Blood Mixture' a trial. After taking the first three bottles I could walk better, and now after having nine bottles the wound has quite healed, and I am pleased to say I have not seen any sign of it breaking out since."

Sufferers from Bad Legs, Abscesses, Ulcers, Eczema, Bolls, Pimples, Eruptions, Rheumatism, Gout, should realize that lotions and ointments can but give temporary relief—to be sure of complete and lasting benefit, the blood must be thoroughly cleansed of the impure waste matter, the true cause of such troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities, that is why so many remarkable recoveries stand to its credit. Pleasant to take, and free from injurious ingredients.
